SITUATION SUMMARY

PUBLIC HEALTH AND MEDICAL (EMERGENCY FUNCTION 08)

SITUATION REPORT

EBOLA VIRUS DISEASE (EVD) OUTBREAK

DATE OF REPORT: AUGUST 22, 2014

OPERATIONAL PERIOD: AUGUST 13-21, 2014

CALIFORNIA DEPARTMENT OF PUBLIC HEALTH (CDPH)

EMERGENCY MEDICAL SERVICES AUTHORITY (EMSA)

EXECUTIVE SUMMARY

The outbreak of Ebola Virus Disease (EVD) in the West African nations of Guinea, Sierra Leone, and Liberia continues to expand. A cluster of cases has also been identified in Nigeria. As of August 21, 2014 the U.S. Centers for Disease Control and Prevention (CDC) has reported a cumulative total of 2,473 suspected and confirmed cases and 1,350 deaths. CDC has advised travelers to avoid all non-essential travel to the West African nations of Guinea, Sierra Leone, and Liberia. CDC has also issued a level 2 travel notice for Nigeria. Based on the current situation in West Africa, CDC considers the risk of importation of EVD into the United States to be very low. However, the outbreak is evolving, and this assessment may change. Both CDC and the California Department of Public Health (CDPH) continue to prepare for the unlikely event that a returning traveler from these countries is infected with Ebola virus. Persons arriving from the affected West African nations in California may develop illnesses and require medical evaluation. State and local public health officials in California are monitoring the situation closely and taking steps to keep Californians safe.

- At present, the weekly situational assessment for the risk of Ebola infection in California is very low.
- There have been no confirmed cases of Ebola in California, and there are no patients under investigation with known high risk exposures in California hospitals.
- Specimens for testing had been submitted to CDC for one patient at low risk for Ebola. Test results for that patient were negative.
- CDPH continues to work with the healthcare community and local health jurisdictions to identify potential suspect cases and avoid spread of the disease.
- “Ebola Virus Information Page” created and available on the CDPH Communicable Disease Emergency Response Branch website at: (<http://cdph.ca.gov/programs/cder/Pages/Ebola.aspx>).

SITUATION SUMMARY

Governor Brown Declares State of Emergency for Northern California Wildfires

On 08/02/14, Governor Brown issued an emergency proclamation for the state of California due to the effects of wildfires in El Dorado, Amador, Butte, Humboldt, Lassen, Madera, Mariposa, Mendocino, Modoc, Shasta, and Siskiyou counties that have burned thousands of acres, destroyed homes and other structures and damaged critical infrastructure.

Cal OES Activations Due to Wildfires

- Cal OES Fire EOC is activated in support of statewide fires.
- The Inland REOC is activated at Level 1
- The SOC is activated at Level 1

Inland Region

Inland Region is coordinating with Recovery staff and Counties of Modoc, Lassen, Shasta and Siskiyou to enter Initial Damage Estimate information into Cal EOC. Recovery Staff arrived in Northern CA (Modoc) on Tuesday August 19 to begin working directly with local government and Inland Region Staff on IDE data. Tentative dates for FMAG briefings are August 27 & August 28

- Cal OES Recovery, has returned from deployment to Modoc and Shasta Counties to validate IDEs (Initial Damage Estimates).
- A Cal OES Recovery specialist has been deployed to Mariposa County due to the El Portal Fire and is scheduled to return 8/23/14

Cal OES / CNG Mission Tasking for Additional Firefighting Capabilities

- All California National Guard personnel and air assets have been deactivated.

2014-FIRE-4773, EMAC Request #774-RR-3432

New Mexico Type I fixed wing RC26 aircraft with infrared flight for imagery recording of fires. The Aircraft will be assigned to perform imagery of the areas in real time coverage in the counties of El Dorado, Placer, Nevada, Yuba, Sierra, Butte, Plumas, Tehama, Shasta, Lassen, Trinity, Modoc Humboldt, Del Norte, and Mendocino. 8/15/14: REQ-A completed

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Eiler, Vegetation Fire, Shasta County (Update)

12 miles southeast of Burney in the Hat Creek area

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [08/23/14 at 0548 hours](#):

SRA and FRA

- 32,416 acres timber, [98%](#) contained
- Unified Command Type 4 IMT CAL FIRE and USFS
- Expected Containment: 08/24/2014
- Threatened Structures: None
- Destroyed Structures: 7 Single Residences, 2 Commercial Properties and 12 Other Minor Structures
- The approved FMAG number is FEMA-5067-FM-CA. The agreed upon incident period for the Eiler FMAG is August 2 through (Midnight) August 16, 2014.
- 2014-IREOC-4578, (1) Portable E-BAM Smoke Monitor deployed on 08/04 to Lakehead

Happy Camp Complex, Vegetation Fire, Siskiyou County (Update)

Happy Camp District, Klamath National Forest

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [08/23/14 at 0547 hours](#).

FRA

- [18,483](#) acres, 15% contained
- Type 2 IC assigned
- Expected Containment: 09/08/2014
- Approximately 40 fires in the Complex
- Threatened Structures: [695](#) Single Residences, [28](#) Nonresidential Commercial Properties and [20](#) Other Minor Structures
- Per CUEA, no threat to communication infrastructure or power lines
- [No CAL FIRE resources committed](#)
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

July Complex, Siskiyou County (Update)

4 miles southeast of Sawyers Bar

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/23/14 at 0657 hours:

FRA

- 33,995 acres, 33% contained
- Federal Type 1 IMT is in command
- Expected Containment: 08/30/2014
- Threatened Structures: 140 Single Residences, 6 Nonresidential Commercial, 71 Other Minor Structures
- Destroyed Structures: 2 Other Minor Structures
- [See Fire Activity Section for detailed information.](#)

KNF Beaver Incident, Siskiyou County (Update)

Klamath River, Beaver Creek

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/23/14 at 0532 hours:

FRA

- 32,496 acres, 97% contained
- Type 2 IMT is in command
- Expected Containment: 08/24/2014
- Threatened Structures: None
- Destroyed Structures: 6 Other Minor Structures
- **2014-IREOC-4568**, (6) Portable E-BAM Smoke Monitors: (2) deployed on 8/4; (2) deployed on 8/5; (2) deployed on 8/12. The mission is ongoing and supports multiple fires within Siskiyou County.

- Type 1 IMT in command
- Planned Actions: Continue mop up and improve containment lines within current control objectives.
- A Fire Management Assistance Grant (FMAG) was approved by FEMA on 08/18/14 at 2127 hours. FM-5074
- [See Fire Activity Section for detailed information.](#)

Way Incident, Vegetation Fire, Kern County (Update)

Jeanette Way and Earl Pascoe Road, northwest of the Wofford Heights Community, Kern County.

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [08/23/14 at 0602 hours](#):

FRA/SRA

- 4,045 acres, [92%](#) contained
- Threatened Structures: [None](#)
- Damaged Structures: [2 Single Residences, 2 Other Minor Structures](#)
- Destroyed Structures: [9 Single Residences, 2 Other Minor Structures](#)
- Planned Actions: Hold, improve and mop up established containment lines. Significant demobilization begins today, 08/23/14.
- A Fire Management Assistance Grant (FMAG) was approved by FEMA on 08/21/14 at 0038 hours. FEMA-5075-FM-CA
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

M/V PINE GALAXY Maritime Incident (New)

08/22/14 at 1730 hours:

A 485 foot chemical tank vessel experienced a maintenance room fire and as a result the vessel has loss of electrical power and propulsion. The vessel is under tow toward San Francisco Bay. Vessel is 280 nautical miles (NM) of whiskey buoy. That puts the vessel in range of the Golden Gate by Sunday morning sometime. The vessel is sailing at 5 knots and assisted by three tugs. This puts the vessel at 4x the power of its own facilities. The vessel was sailing from southern California to Korea. Status of crew (1) Dead - buried at sea, 21 crew members remain. All are Chinese and Korean Nationals. Health and Welfare - remaining crew are healthy and secure. As the vessel nears the San Francisco Bay, medical units will board the vessel and perform examinations of all crew members. No requirement exists to transport crew to land at this time. Status of Cargo -Propylene Tetramer - a petroleum additive. That cargo is in its holding tanks and is 100% secure.

- USCG Sector SF has stood up a Unified Command and Incident Command Post at Sector offices, including a Potential Places of Refuge (PPOR) Unit under Planning. This PPOR unit conducted a Places of Refuge Assessment using the PPOR Tool from the USCG Commandant Instruction 16451.9. PPOR Unit Recommendations are consistent with the proposed tow plan specifying breaking tow and reconfiguring tug placement for bringing vessel to shore (Anchorage 9), shore based operations to inert the cargo and fuel tanks (Pier 80), and final transit to shore to complete vessel repairs (Pier 70).
- One request for Cal OES Ports and Harbors ESC: Cal OES Ports and Harbors is the Unified Command's Liaison Officer: Unit consists of City and County of San Francisco (R. Dudgeon) and the Port of San Francisco (S. Sansom) (by phone) State and Federal Parks, and several marine sanctuaries. San Francisco's EOC is not activated. On Sunday the Liaison Unit may have additional reps. No other requests.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Severe Weather, Imperial County (Final)

According to the Imperial Irrigation District, damage from the storm has been identified and most of the repairs have been made. Power has been restored to most customers, a few scattered rural outages are being addressed.

Background:

On Thursday, August 21, 2014 at 1749 hours, the Southern Region Duty Officer was notified by the California State Warning Center of severe weather occurring in Imperial County. Several road closures occurred, including SR 78, and utility poles were down due to heavy rains and flooding. Per the Imperial County Office of Emergency Services Deputy Coordinator, by 2030 hours on August 21 power was restored to the cities and road closures that occurred in the area due to flooding were reopened. No access and functional needs issues were reported and there were no requests for State assistance.

Severe Thunderstorms San Bernardino County, August 12, 2014: (Final)

A Preliminary Damage Assessment (PDA) for Public Assistance (PA) occurred on August 21, 2014 in the Needles area with Cal OES Public Assistance, Cal OES Southern Region staff, and OA staff. [San Bernardino County has completed its damage assessment process for this incident.](#)

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

ACTIVE WEATHER WARNINGS, WATCHES and ADVISORIES:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure offshore will maintain dry weather conditions this weekend. Parts of the coast will continue to see low clouds and fog each night and morning. The high will build over the region by the middle of next week leading to increased temperatures.

San Francisco Weather:

Night and morning low clouds and slightly below normal afternoon high temperatures are forecast through Monday. Warmer temperatures are likely inland by the middle of next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

High pressure will bring fair skies this weekend through the coming week. Daytime temperatures for the forecast area will be near normal over the weekend with a little cooling on Monday, then a little above normal daytime highs on Tuesday through the end of the week.

Hanford Weather:

The forecast area will have little change in the weather pattern through the weekend with daytime high temperatures near to slightly below normal. By the beginning of next week, high pressure will begin to build over the area resulting in a minor warming trend.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A trough of low pressure over California will result in a cooling trend through Monday with night through morning low clouds and fog. A significant warming trend is expected through the rest of next week as high pressure develops. Low clouds and fog will be limited to coastal areas with possibilities of dense fog next week.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

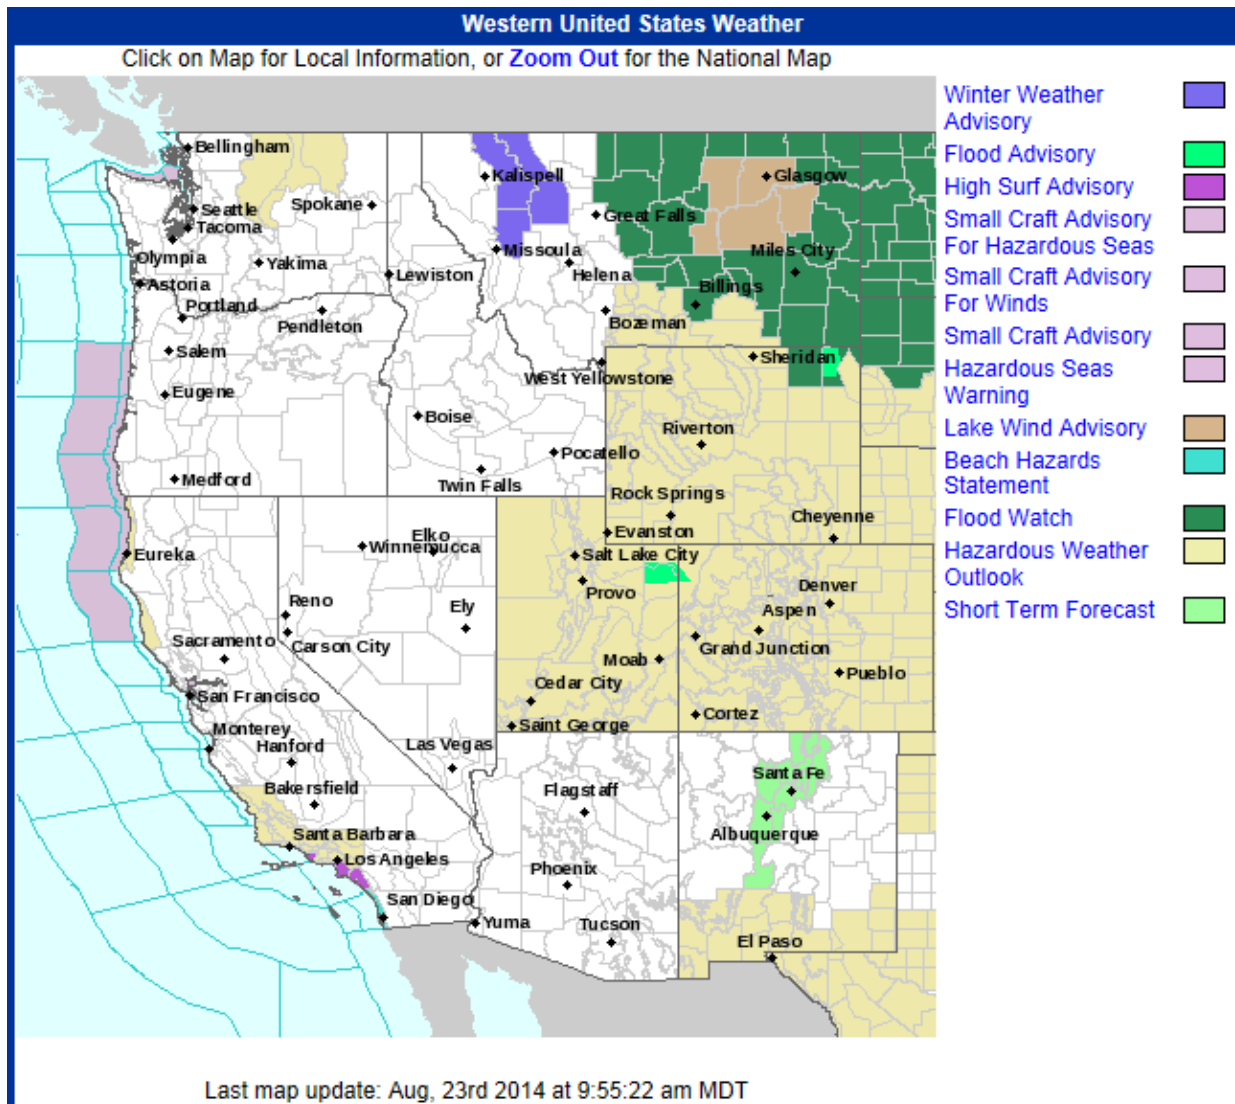

A trough of low pressure moving inland through the west will maintain dry weather through early next week with slight cooling for the valleys through Sunday. Stronger onshore flow will bring gusty west winds to the mountains and deserts for the late afternoon through late evening through Sunday. For the middle and latter part of next week, high pressure will develop over California bringing warming and Hurricane Marie may draw monsoonal moisture into far southern California for a slight chance of showers and thunderstorms. The swell from Hurricane Marie is expected to bring high surf to south facing beaches from Orange to far northern San Diego County beginning Wednesday.

Southeast California Weather:

Dry conditions along with a warming trend can be expected this weekend though temperatures will remain slightly cooler than normal. Storm chances return Monday through Wednesday as deep moisture returns to the region. A drying trend is anticipated late next week.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 20th : Don Pedro 42%; Exchequer 17%; Folsom Lake 40%; Lake Oroville 32%; Millerton Lake 47%; New Melones 24%; Pine Flat 12%; San Luis 20%; Lake Shasta 32%; Trinity Lake 31%; Pyramid Lake 94%; and Castaic Lake 44%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)
Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

Situational Summary

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.
http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml
- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES EXERCISES

Oroville Dam Emergency Action Plan Exercise, Butte County (No Change)

- August 27th, Oroville Dam Emergency Action Plan Exercise – Cal OES Inland Region Staff and Cal OES T-Comm Staff will participate in this functional exercise.
- An MRT has been created to provide a MIGU for communications during the Exercise.
- The Warning Center and Region may receive notifications as a result of this Exercise on August 27th.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
